DeDion rear axle with wishbone, anti-roll bar, coil springs and dampers	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
BRABUS sports suspension	–	–	<input type="checkbox"/>	<input type="checkbox"/>

1) Manufacturer’s non-binding suggested retail price.

2) On-the-road charge includes delivery to retailer and number plates (£287), first registration fee (£38) and 12-months’ VED (Vehicle Excise Duty). See notes below on rates of Vehicle Excise Duty.

3) Standard 1999/100/EC.

4) The figures stated refer to the standard tyre sizes. Optional wheel/tyre combinations may change these figures.

5) Gearchange mode is selectable: Automatic or Sequential Manual.

Notes on rates of Vehicle Excise Duty

Rates of VED are variable and depend on both the fuel type and the carbon dioxide (CO₂) emissions of the vehicle. Petrol vehicles with CO₂ emissions less than or equal to 120g/km are classified in VED band AA and are charged at £75/year. Petrol vehicles with CO₂ emissions between 121 and 150g/km are classified in VED band A and are charged at £105/year. Please note that on-the-road (OTR) prices quoted above are based on the wheel, tyre and gearbox types fitted as standard equipment. Specifying optional wheel, tyre or gearbox combinations may have an effect on the CO₂ emissions of your vehicle and therefore the OTR charge.

Warranty/service

smart offers you a 2-year warranty. Servicing is minimal and any repairs made are clearly documented in detail in service packages in order to keep the costs as transparent as possible.

Warranty
2-year warranty with unlimited mileage, 6-year anti-corrosion warranty.
Warranty Plus
2 years' smartmove assistance breakdown cover.

smart Service
<p>Quick.</p> <p>The smart's modern diagnostic system ensures that any problems are quickly and accurately recognised. The car's modular construction and smart specific service packages enable your smart to be back on the road as soon as possible.</p> <p>Professional.</p> <p>The high efficiency of the smart workshop is assured through highly qualified and professional employees, an unbureaucratic workshop organisation, price and cost transparency, clearly structured processes, and the use of state-of-the-art workshop technology.</p> <p>Economical.</p> <p>Short stays in the workshop, favourable servicing and repair costs, state-of-the-art servicing periods and, on top of that, an advantageous insurance rating make the smart a vehicle with extremely low operating costs. This has been confirmed by independent experts.</p>
