» » smart EQ fortwo.

2.69 m forward thinking: the original for the city. Just as short, but electric through and through – with intelligent connectivity, even greater agility, and always with full torque thanks to seamless acceleration.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification.

» » smart EQ fortwo cabrio.

Open for new energy: the urban convertible.
Open sky, empty road and virtually no driving noise – the smart EQ fortwo cabrio is a fresh breeze in the city with new design and intelligent ideas.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification.

» » smart EQ forfour.

Intelligent charging and plenty of storage space: the electric four-seater for the city. 100% electric. The smart EQ forfour is the perfect city car for four people or lots of luggage.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification.

» Consistently electric.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification.

» WATT a feeling.

Plug in, charge and go: Electric driving with a new smart is simple – thanks to the powerful and seamless acceleration, it's also tremendous fun to boot.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification.

» » More smart in your phone.

With our new electric models, you enjoy the advantages of a connected car. Because the smart EQ control App makes your daily life in the city easier and always connects your smart to your smartphone. Download today.

Kerb weight/payload in kg⁷	1,095	1,125	1,200

¹In accordance with Directive ECE R85 in its currently valid version.

²The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Battery Electric Vehicles (BEV) figures determined with battery fully charged. These models require mains electricity for charging.

³The figures stated were determined in accordance with the stipulated measuring method in accordance with EC Directive 715/2007 in the currently applicable version.

⁴Depending on the local electricity infrastructure and the charging current set on the charging cable.

⁵If you are planning to charge your smart electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

⁶Up to roof in accordance with standard DIN 70020-1.

⁷Figures in accordance with Directive 92/21/EC in the version 95/48/EC (mass in running order, with driver, 68 kg and luggage, 7 kg) for vehicles with standard equipment. Optional equipment and accessories generally increase this figure, which means that the payload is reduced accordingly.

Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://carfueldata.direct.gov.uk>

» Finance & Insurance.

Why finance with us?

We believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new smart, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local smart Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- > Funds are immediately available – no waiting for cheques or loans to clear.
- > We have clear and transparent rates – the APR we quote is the APR you get.
- > We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

If you would like to find out more about any of our current offers, simply call into your local smart Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

One of our most popular finance products is Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions.

If you would like to find out more about these speak to your Retailer or visit uk.smart.com/fandi.

Agility (our PCP product).

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

Motor Insurance by smart

Superb cover comes as standard, so who better to insure your car than Insurance by smart?

Features include:

- > 24-hour, seven-days-a-week UK accident recovery to your nearest smart-approved repairer.
- > Unlimited cover for manufacturer-specification in-car audio and telecommunications equipment fitted by the factory or Retailer.
- > If your smart is stolen or subject to total loss then a courtesy car will be provided for up to 14 days or until the settlement cheque is received, depending on which is sooner.
- > 180 days' cover as standard for temporary visits to most of mainland Europe (up to 3 months in one trip).
- > New car replacement within the first 12 months for the original owner if your smart is a total loss.

» Warranty & Servicing.

smart road assistance.

With smart road assistance you can rest easy knowing your smart is in good hands in case of accident, breakdown, minor mishap, or vandalism. If your smart encounters trouble, you'll be able to get back on your way with smart road assistance thanks to benefits such as breakdown repair and towing, hotel accommodation and a replacement car. All smarts registered in the UK on or after 01/11/2014 will benefit from smart road assistance for three years. After this, your smart road assistance will be automatically renewed for a year every time your smart goes in for an official smart service for up to 30 years.

Full flexibility. Not just in road traffic.

The new manufacturer's warranty without mileage restrictions from smart offers you a comprehensive scope of protection. We also offer smart ServiceCare, which is a service plan designed to take care of your servicing costs for the next two, three or four services. smart ServiceCare is a great way of keeping your smart in the best shape at a Retailer whilst keeping the costs as transparent as possible.

Warranty.

3 year warranty on new cars without mileage restrictions, for complete peace of mind. Corrosion cover warranty is 12 years on new cars.

Battery warranty.

Up to 8 years or 62,000 miles. Please refer to the service booklet for precise conditions.

smart ServiceCare.

With smart ServiceCare from £15.00 per month, it's easy to enjoy more flexible and affordable car servicing at your local smart Retailer.

Because ServiceCare guarantees the price of parts and labour for up to four services and cleverly protects you against any further inflationary rises, the price will never go up.

2 services		3 services			4 services			
12 months	24 months	12 months	24 months	36 months	12 months	24 months	36 months	48 months
£30.00	£15.00	£45.00	£22.50	£15.00	£60.00	£30.00	£20.00	£15.00

But that's not all.

You'll have a choice of easy ways to pay as well. You can either add your servicing costs to your monthly budget from £15.00, or pay all your servicing costs in one lump sum. Either way, you can relax knowing it's taken care of in the best way for you.

- › ServiceCare guarantees the price you pay today is the price for the next two, three or four services, so what you pay won't go up even if inflation does.
- › Monthly costs from £15.00 make it easier for you to budget because you can spread the cost of servicing.
- › You'll be adding an official stamp to your service history. So when it comes to selling your pride and joy on, future owners can look for the manufacturers' seal of approval when they buy.
- › You'll have the satisfaction of knowing that your car will be serviced by specially trained technicians, using the latest diagnostic equipment and smart GenuineParts.
- › Fully transferable to a new owner if you sell your smart, providing the plan is paid for in one lump sum.

» Chargemaster Homecharge.

Simple steps to effortless charging.

When you purchase a smart plug-in vehicle we recommend Chargemaster, our preferred charging partner. The Chargemaster Homecharge allows you to charge your smart EQ fortwo or forfour from 10–80% in 3 hours and 18 minutes.¹

Key benefits of the Chargemaster Homecharge:

- > 3× faster than a 13 A plug.¹
- > Ergonomic styling, robust and weatherproof, for indoor or outdoor use.
- > Designed for users with a domestic address and off-street parking.
- > Available with £350 OLEV Electric Vehicle Homecharge Scheme (EVHS) Grant (for eligible customers only)².
- > POLAR plus network card providing access to the UK's largest public charging infrastructure, with over 5,000 charging points.
- > Three year product warranty included.

Simple steps to Chargemaster Homecharge:

- > Fill in the application form at www.bpchargemasterplc.com
- > Chargemaster will contact you to discuss your household electrics and arrange for specialist installation within two weeks.
- > For further information please contact: mercedes-benz@bpchargemaster.com or call 01582 399 412.

Homecharge: £499^{1,*} incl. VAT & installation

!Warning

If you are planning to charge your smart electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

Chargemaster is the UK's leading provider of domestic charging solutions, trusted by more than 50,000 users across the UK and Europe. Manufactured in the UK, Chargemaster offers a wide range of installation services, choice of power output, and flexible data and security options to suit your requirements.

¹Based on 7 kW power output.

²The Chargemaster Homecharge £350 Grant (including VAT) is only available to customers who meet the criteria of the Office of Low Emission Vehicles (OLEV) and is provided and installed by Chargemaster plc. For full details and eligibility criteria for the OLEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>. For full Chargemaster Homecharge Terms & Conditions visit https://chargemasterplc.com/terms_conditions

*Price includes £350 OLEV EVHS Grant. Price correct at time of publication, subject to change.

smart  fortwo & forfour

We will be happy to take back your smart for environmentally friendly disposal in accordance with the European Union (EU) Directive on End-of-Life Vehicles – but that day lies a long way off. To make it as easy as possible for you to return the vehicle, there is a network of companies which will take back your old car and dismantle and recycle it. You can return your vehicle to one of these companies free of charge. In doing so, you will be making a valuable contribution to closing the recycling loop and to saving resources.
