

Accessories City-Coupé & Cabrio 2003

smart – a DaimlerChrysler brand

The information given in this catalogue is to be seen as approximate only. The illustrations may contain accessories and special extras that do not form a part of the serial delivery schedule. Attention is drawn to the fact that where the photographs show drivers who are not holding the steering wheel with both hands, these were taken when the vehicle was stationary. The right to introduce changes in construction, technologies or the delivery schedule are reserved. Variations in colour result from the printing techniques used.

# Leading light.

Plenty of people settle for less. But why should you? Especially when BRABUS offers you a range of extras to bring out the very best in your smart. Whether you're looking for sporty design elements, high-quality materials or simply more power – if you enjoy being different, give your smart the privilege, too. BRABUS – for the little touches that make all the difference.

8.30 p.m. Summer in the city and time to hit the streets. You squeeze neatly into a parking space right in front of your favourite restaurant. And you're just in time for an aperitif before you eat. Perfect.

# BRABUS Accessories.

Aerodynamics/Design

This may take slightly longer than you planned, but there's no way you can leave your friend without answering all his questions.

The smart is one of the most noticeable cars on the road. But some owners want to make the car in their life even more unusual and exclusive. That's why BRABUS, one of the world's biggest and most exclusive customised car specialists, is an official MCC smart partner. When our engineers and designers went to work on the smart, they did so with more than 20 years of experience behind them. That's the expertise that goes into every single BRABUS accessory. Whether you're talking increased performance, optical improvements or design alternatives, you can't help seeing the BRABUS touch. Or sometimes even hearing it. But why not discover BRABUS accessories for yourself? Your smart dealer will be pleased to help.

**1. Front spoiler:** With a spoiler, sports performance is written all over your smart's face. And there's no need for an expensive paint job.

**2. Wider rear wheel arches:** Give your smart a chance to flex its muscles. Wider wheel arches are a must with 17" tyres and give your smart that extra-powerful touch.

**3./4. City-coupé side flaps, front and rear:** Make a statement. The quick-fit side flaps add another sporty touch to the short side sections. Colours: black, silver, front and rear, also available singly.

**5./6. Cabrio side flaps, front and rear:** With the same sports flair as the City-Coupé versions. Colours: black, silver, also available singly.

**7. Designer covers for petrol cap and air intake:** Perfection goes right down to the fine details with this luxury cover in an elegant, sporty design.

**8. Rear heat panel for series exhaust:** The perforated stainless steel panel replaces the series cover and makes your smart look just as good from the back as it does from the front.

## Sports exhaust/Wheels/Tyres/Sports suspension/Interior/Tuning kit

The only question you need to ask yourself now is what's going to be more fun? Going to see a movie in a crowded cinema or fresh night air, cool sounds with you as DJ, and driving till dawn.

**1. Sports exhaust:** Whether it's a City-Coupé or Cabrio, the central, twin-pipe sports exhaust is so beautiful it's a feast for your eyes as well as your ears.

**2. Rear heat panel for the sports exhaust:** Dual-pack dynamism. A rear panel in perforated stainless steel goes perfectly with the sports exhaust and is guaranteed to attract admiring glances.

**3. Monoblock VI 16:** Enjoy all-round good looks with these fabulously styled wheels and aluminium hubcaps featuring the BRABUS logo. Wheels available in mirror or polished silver finish. Tyre sizes: VA 175/50-16 or 225/35-17.

**4. Sports steering wheel with airbag and gear shift:** Experience the Formula 1 feel with this ergonomically designed, leather sports steering wheel. Integrated gear shift and airbag. Colour: grey. Also available without gear shift.

**5. Sports suspension:** Lower ride height and improved tracking for better handling and more fun at the wheel. The sports suspension, consisting of four special springs and shock absorbers, is ideal for anyone with a sporty driving style. Springs and shocks also available singly.

**6. Handbrake grip:** Looks good, feels good. The solid handbrake grip is available in a polished or matt finish with a leather sleeve. Colours: blue, grey.

**7. SB1 tuning kit:** Give your smart that extra boost. BRABUS improved performance means more horsepower, more pulling power, higher torque (109 Nm at 2,000 rpm) and better acceleration. Performance: 52 KW/70 hp.

**8. Gearshift knob, leather/aluminium:** Control at your fingertips in any situation. Gearshift knobs in striking design, especially attractive with sports handbrake grip. Colours: blue, grey.

**9. Gearshift knob range:** The gearshift knob is available in a leather and aluminium combination or solid aluminium. Includes leather sleeve, SOFTIP and SOFTOUCH, in blue or grey.

**10. Trims:** Exclusive interior finishing with this nine-part trim set for the rev counter, clock, handles, instrument panel, indicator tips and door handles.

**11. Floor mats:** BRABUS through and through. Top-quality, hard-wearing velour floor mats. The authenticity is guaranteed by the brand logo. Colours: blue, grey.

## Get-away car.

We don't know what you're planning to get up to but whatever it is, your smart won't let you down. With so many different finishes, trims, materials and ingenious accessories to choose from, the smart converts into precisely the car you need for your lifestyle. Even the design is flexible so you can find something to suit your own personal taste any time. You're an individual, right? Well, so's your smart.

When life gets humdrum and the city streets start feeling too narrow, there's nothing like getting off the beaten track. Head out for the open country, go your own way and give it all you've got.

# smart Accessories.

Navigation/Audio/Cockpit/Functions/Electrical equipment/Interior

When one journey ends, another begins. Switch on the music, turn up the fan, draw the sunblind and enjoy.

**1. Navigation system:** Navigation and Sound. You know where you're going, the navigation system knows how to get there – in 15 European countries. Apart from that, it can tell you where to find railway stations and garages. Simply insert the navigation CD, enter the destination and address, then follow the instructions on the display and the voice that tells you how to get where you're going. If the RDS informs you of a hold-up ahead, all you have to do is push a button and the system calculates the quickest detour. And while all this is going on you don't have to go without your favourite CD; it keeps on playing between instructions.

**2. Radio:** 2 x 21-watt output and anti-theft protection with numerical code and station keys plus CD changer control. Sound system: hi-fi standard power sound delivered by two additional treble/mid-range speakers and amplifier module with active crossover.

**3. Radio CD:** With CD player and FM radio with RDS. The six-disc CD changer can be operated even with a CD in the player. High-power output, acoustics and design created specially for the smart. Optional connections for smart sound package and CD changer. Anti-theft protection with numerical code.

**4. Radio CC:** With cassette player and 2 x 21-watt output plus Full Logic cassette section with auto-reverse and Dolby B. Anti-theft protection with numerical code and station buttons plus CD changer control.

**5. Tachometer, cockpit clock:** Lower fuel costs and always spot on time. Both instruments are adjustable for maximum legibility.

**6. Six-disc CD changer:** Installed under the passenger seat to save space, the changer is controlled via the radio. Comes with random title choice and scan search facilities.

**7. Air-conditioning Plus:** CFC-free with programmed minimum and maximum output plus outside temperature display.

**8. Draft stop:** Largely eliminates wind turbulence and keeps every hair in place.

**9. Sunblind for glass roof:** An adjustable sunblind for those days when the sun gets just a little too hot.

**10. Mirror for driver's sun visor:** Who is the fairest of them all? Mirror with cover so you can check you're as perfectly groomed as your smart.

**11. All-weather floor mats:** Made of rubber to take the rough with the smooth. Dirt and water-resistant, anti-slip and very hard-wearing.

**12. Standard floor mats:** Look good and perform well too. Dirt and water-resistant, anti-slip and a perfect fit on both sides of the car.

**Not illustrated:**

**Alarm system/Plus:** Better safe than sorry. Monitors doors, tailgate and interior, and comes with radio remote control.

**Velour floor mats:** Not quite red carpet but classy all the same. Unmistakable toning loop-stitch edges and anti-slip backing, extremely hard-wearing, dirt and water-resistant. Available in pairs, for left and right.

**Auxiliary heating system:** Be as warm as toast, whatever the weather. Ice-free, full vision, warm engine. Good for the environment, good for your wallet and a helping hand towards a safe, relaxing journey.

## Transport/Storage/Communication

Thirsty? Really thirsty? Well, you're in luck. Because the drinks holder can handle litre-sized bottles. Simply smart. Down to the last detail.

**1. Basic rack/bicycle rack:** The basic element for other special-purpose racks. It carries up to 30 kg, is non-rusting and is theft-protected with multipoint head cap screws and a securing belt. Shown here with bicycle rack for two bikes.

**2. Luggage securing device:** Simply bend to the required shape and Velcro it into position. Small pieces of luggage that normally move around the boot will stay exactly where you put them.

**3. Luggage storage net:** Additional storage space fixed behind the seats. If required, it can be removed and used as a shopping bag.

**4. Ski rack:** For two pairs of skis. Fits to the basic rack in seconds, is non-rusting and protected against theft by multipoint head cap screws. Also available as a carrying kit.

**5. Protective divider:** The net separates luggage and passenger compartments and protects passengers against moving luggage without seriously impeding the rear view. Enables you to make optimum use of storage space.

**6. Luggage compartment cover:** Protection against prying eyes and hot sun. Simple to fix and equally simple to remove when you want to transport bulky items.

**7. Boot tray:** Protects the luggage compartment against dirt and water. The non-slip upper surface is another practical feature.

**8. Storage drawer under passenger seat:** Gives you safe, additional storage space. 39 x 23 x 6.5 cm of extra room.

**9. Cassette holder:** Safe, simple storage for the stars in your life. Holds your two favourite cassettes with a hub-locking device to prevent tape tangle.

**10. CD holder:** Simply secured to the vertical console, holds four compact discs.

**11. Drinks holder:** Keeps beakers, cans and even bottles in their place when you're out on the road.

**12. Telephone console:** A safe, convenient place to store your mobile phone. Suitable for most standard mobile brackets.

## Safety/Child safety/External accessories/Wheels/Tyres

No risk, no fun, sure. But it helps if you've got all you need with you if things don't go the way you planned.

**1. Breakdown kit:** Includes a special emulsion with a handy-sized compressor. Simply fill tyre with emulsion, inflate with the compressor and check again after driving a short distance.

**2. First aid:** Emergency jacket, medical kit and fire extinguisher. Three invaluable aids if the worst comes to the worst.

**3. Baby seat:** For toddlers up to 13 kg (28 lb). With belt, detachable/washable cover, carry-handle and solid tube frame with rapid-fastening set. Available in a choice of three patterns.

**4. Child seat:** Safe, comfortable transport for children from nine months to four years (9-18 kg/20-40 lb). With integrated support so that children can sleep undisturbed. Secured using basic fixing kit, which automatically deactivates the belt pretensioner and the passenger airbag. Choice of three detachable/washable covers.

**5. Child seat booster:** For children from 15 to 36 kg (33 to 80 lb). Also available: backrest with support. Both with detachable/washable cover.

**6. Cape car cover:** Effective protection for the smart without a garage to call home. Water-resistant, allows air to circulate freely.

**7. Body panel freshen-up:** Choice of nine colours. So when spring comes and you feel like a new car, all you need is a new set of body panels. Same goes for summer, autumn and winter.

**8. Body panel change:** Now there are simply no more excuses. Your dealer can give your smart a new look while you wait. And it's very affordable too.

**9. <<Jetline>> alloy wheels:** The ultimate in wheel design for your smart. Get them now.

**10. Snow chains:** Specially developed for the smart. Two snow chains in a waterproof bag. Fast, simple fitting without getting down on your hands and knees, quiet in use and convenient to store.

**11. Wheel trims:** You can't reinvent the wheel but you can change the way it looks.

**12. Locking nuts for steel and alloy wheels:** Beautiful design conceals true purpose. One protective screw per alloy or steel wheel and thieves can look elsewhere.

# Feelgood factors.

You know how good you feel after a shower when your skin is soft and smooth. That was the feeling we had in mind when we developed the car care series for smart. All products in the smartcare line are available singly or in practical smartcare boxes.

Interior care/External care/Fluids/Care boxes/Paint sticks

You can leave your smart out in the cold and rain. Or, with a bit of care and attention, you can make it a friend for life.

**1. Interior care:** As good on the inside as the outside. With leather care for soft, supple leather, special cockpit care and windscreen clear for non-streak glass. And if there's a spill on the upholstery, the stain remover will make it good as new.

**2. External care:** Forget brake dust, insects and other dirt with our rim care, insect remover, shampoo concentrate, polish and hard wax. Plus, a drop of Cabrio rear window polish will soon have matt or superficially scratched synthetic rear windows looking like new again.

**3. Fluids:** Give yourself an unimpeded view of the world 365 days a year with screenwash concentrate for summer and winter. The engine oil is suitable for all-year-round use.

**4./5. Care boxes:** Your smart will smile when you give it one of these. Basic care box for the City-Coupé with hard wax, shampoo, spot remover, cockpit care, two cloths, one sponge. And for the Cabrio: soft top cleaner, waterproofing spray, a cloth and brush.

**6. Clear lacquer paint sticks:** Instant aid for minor blemishes. Makes all-through-colour body panels look like new again.

**7. Two-layer paint stick set:** From now on forget the hassle of minor scratches. With the two-layer paint sticks you can cover up small imperfections on your smart TRIDION and body panels yourself. Also available in anthracite, silver metallic, TRIDION silver and TRIDION black for the TRIDION, river silver, true blue, bay grey and star blue for body panels.
