Quick.

smart's modern diagnosis system ensures that any problems are identified quickly and accurately. The vehicle's modular design and smart-specific service packages ensure that your smart is quickly back on the road.

Professional.

The high efficiency of smart workshops is ensured by highly qualified staff, transparency of costs, clearly structured processes and the use of state-of-the-art workshop technology.

Economical.

Short stays at the workshop, low maintenance and repair costs, modern service intervals and a low insurance rating mean extremely low running costs for a smart. This is confirmed by independent experts.

smart service contract

If you want us to take all the hassle of servicing your smart away from you, a smart service contract is the perfect solution. Offering you two choices of package and pricing to match your driving habits, it means your smart service contract is unique to you and your smart.

smart service - covers all your servicing costs, including the oil changes and, when your car reaches 3 years old, your MOT test fee is paid for too.

smart service plus - of course this includes everything in smart service, but also all your wear and tear repairs too - meaning no more unexpected bills for you.
