Your smart comes with a year's cover, which is renewed annually following a service with your local smart Retailer. Further information can be found in your owner's manual.

Full flexibility. Not just in road traffic.

The new manufacturer's warranty without mileage restrictions from smart offers you a comprehensive scope of protection. We also offer smart Service Care, which is a service plan designed to take care of your servicing costs for the next two, three or four services. smart Service Care is a great way of keeping your smart in the best shape at a Retailer whilst keeping the costs as transparent as possible.

smart Service Care.

With smart Service Care from £15.00 per month, it's easy to enjoy more flexible and affordable car servicing at your local smart Retailer.

Because Service Care guarantees the price of parts and labour for up to four services and cleverly protects you against any further inflationary rises, the price will never go up. It also includes regular service items like spark plugs, air filters and fuel filters.

	2 services		3 services			4 services			
Model	12 months	24 months	12 months	24 months	36 months	12 months	24 months	36 months	48 months

But that's not all.

You'll have a choice of easy ways to pay as well. You can either add your servicing costs to your monthly budget from £15.00, or pay all your servicing costs in one lump sum. Either way, you can relax knowing it's taken care of in the best way for you.

- Service Care guarantees the price you pay today is the price for the next two, three or four services, so what you pay won't go up even if inflation does.
- Monthly costs from £15.00 make it easier for you to budget because you can spread the cost of servicing.
- You'll be adding an official stamp to your service history. So when it comes to selling your pride and joy on, future owners can look for the manufacturers' seal of approval when they buy.
- You'll have the satisfaction of knowing that your car will be serviced by specially trained technicians, using the latest diagnostic equipment and smart GenuineParts.
- Fully transferable to a new owner if you sell your smart, providing the plan is paid for in one lump sum.
